An Introduction to OTHS Football

We are very excited about the future of OTHS football! We want to build on the successful history of the program and we invite you to be a part of our program. We are looking for young men who are excited about the opportunity of contributing to a team. We believe that football is a great game, a game in which the character of a young man is challenged and strengthened. **The Mission of O'Fallon football is to dedicate itself to the development of student-athletes that will make a positive contribution in sports competition, academic settings, and community relations.** For those athletes that choose to be a part of the program, we will ask of them to commit to being the best that they can possibly be in 4 years time. Because of this we highly encourage the athletes to participate in the summer program that we offer.
